Year 5 Student Writes Newspaper

Hi I'm Archie Dempster and I have started a LHPS kids newspaper called Archie's Advocate, for all of you to read! I hope you all enjoy my school newspaper for students! In the latest news at LHPS we have recently had world environment day and we have raised a whopping \$700 for the Australian Seabird Rescue and Turtle Hospital. In other news Scarlet Scrimshaw is taking part in The Worlds Greatest Shave and the money that she gets will be donated to people who have cancer. You can go to the school website <https://lennox-head-p.schools.nsw.gov.au/> to donate money to Scarlet's cause.

Other News

In other news Miss Crawford has created a garden club with Only Year 6's in it but she says they will let other kids in later

on. They are currently working on a project where they are redoing the school garden to make it much better.

Stage 2 is going on an excursion in the “Whale of a Time” educational session that has been organized. Content will be presented by the NSW National Parks and Wildlife Service.

I’m sure all of the Stage 2 students are very excited to go on this excursion and have this wonderful experience.

Meanwhile Stage 3 is going on a camp to the Sunshine Coast and they will stay there overnight for a while and go to some amazing places like the Big Pineapple, Australia Zoo and more!

Announcements

Mr O'Connor has announced to Stage 2 and 3 that there will be no more trading Pokemon cards at school and if he finds out that people are trading then he will ban Pokemon cards forever.

Recently things have been stolen from student’s bags and they are getting very upset about it. Mr Gisen has told the student’s that if you have something expensive or precious to

you, keep it at home or save it for the weekends, after school or before school.

In other news the Athletics carnival is coming up and this time every student gets to participate.

Story

Bang, Crash, Boom the volcano erupted and my body was flung into the air like it was flying like a bird then suddenly I fell to the ground like a meteor wrecking the Earth. I awoke to find food, water and some shelter for me to survive, then I found that I was lost, I had nowhere to go. I decided that suddenly I saw someone dash past me like a blur on TV, but then when I started walking to find supplies that person was near me, that person was following me, that person was standing right behind me.

What will happen next?
