In other news Archie's Advocate is going to be getting an interview this term! It is very important for my newspaper business to represent our school. But it is also very

Story

“Where are we?” said Bethany “Yeah” said Estella. “ We are 100 years into the past and here we see people being forced to work and build a city,” said Katniss but this is not why we're here, come this way”. Katniss led them to a gigantic waterfall on a mountain side. The water was so clean and crystal like you could see yourself so well it was like you were looking

into a mirror. “Katniss, why are we here?” asked Estella
“because this is where the missing items are” replied Katniss.
She led them into the waterfall and they were the Staff of
Legacy and the 2 other gems were right there but something
was missing. “Oh no” said Katniss “What is it?” said Bethany
“the box with the multiverse is missing” replied Katniss.
